

# AARON BERNAU, MBA

## FOR SCHOOL BOARD

### DISTRICT 46

#### ***Aaron Bernau supports:***

- Maintaining a balanced fiscal budget.
- Quick return of 2005 bond receipts to taxpayers.
- Continued excellence in academic programs.
- Restoration of fine arts programs to all students.
- Requiring fiscal accountability for all school decision makers.
- Commitment toward improved transparency to community.
- Visible improvements to and more efficient use of existing campuses.
- Realistic plans to postpone need for referendum.

*I am very excited about the opportunity to serve the school district. I have been working in the Emergency Medical Services industry since 1998. Currently, I am Deputy Chief of Operations, overseeing a multi-million dollar budget, fully accountable to a taxing district and growing community. I am also a college instructor, providing education in EMS, through a cooperative arrangement between the College of Lake County and Vista Health Services. In this role, I am responsible for all curriculum development, lead instruction, budget assurance, planning and coordination, and program execution.*

*I am the father of two young girls, my oldest in Kindergarten at Avon this year. I can think of very few greater rewards than to be actively involved in the deliverance of education to our children. I simply want the best for our children, like anyone else, but not at the expense of jeopardizing the stability of our district five or ten years from now. My family is vested in this district for the duration.*

*I believe deliverance of excellent programs can be achieved through hard work and diligence of the district board, the school administration, and our teachers through effective communication of goals and processes, clear devices of fiscal accountability, and through improved communication and intentional transparency to our supporting community.*

**Please vote: BERNAU  
April 17  
for School Board  
District 46**

***Thank You.***
